

2nd Annual Student Poster Exhibition
of the Northern California Chapter of the AVS
February 22, 2012

*****CALL FOR STUDENT POSTERS*****

ABSTRACT SUBMISSION DEADLINE
EXTENDED TO: JANUARY 31, 2012

Northern California Chapter of the AVS (NCCA VS) announces the call for abstracts for the **2nd Annual Student Poster Exhibition** in conjunction with the 33rd Annual Equipment Exhibition and the NCCA VS Joint User Group Technical Session on CleanTechnology to be held on Wednesday, February 22, 2012 at the Wyndham San Jose Hotel, 1350 North First Street, San Jose, CA 95112.

The NCCA VS is affiliated with four users groups: Chemical Mechanical Polishing, Junction Technology, Plasma Applications, and Thin Films. The joint technical session being given by the User Groups will focus on Clean Technology. **Areas of interest for student posters include surface science, thin films, adhesion, electronic materials, optical coatings, vacuum metallurgy, plasma technologies, nanometer structures, energy technologies, and other areas of vacuum-related science and technology.**

The poster session is open to any student with appropriate material that they wish to present. To encourage participation, we will award a cash prize to the top rated poster. The posters will be judged on their technical merit and the presentation of the results.

- **Complimentary (1-year) AVS Student Memberships awarded to all verified student poster presenters.**
- **FREE Onsite Registration Required: Exhibit, User Group Meeting and Poster session are all free to attend and includes buffet lunch (12-1pm) and evening reception (5-6pm).**

ABSTRACT SUBMISSION DEADLINE EXTENDED TO: JANUARY 31, 2012

Please submit a one page abstract via e-mail to:
Della Miller, della@avs.org

You will receive acknowledgement of receipt of abstract plus instructions for presenting the poster.
